I'm Rajan and I'm going to speak about my new mobile phone. I got it from my parents for my birthday. I like it very much and I think it's good to have it in my bag.

I always keep it in my bag so my parents and my friends can call me. It's got a calculator in it .so I sometimes use it at school. It's also a kind of information file. I can use my mobile phone to connect to the Internet and look through the news or read emails on my computer. Isn't it fantastic?

Last year I was on a cycling holiday with my friends. We went cycling but the weather wasn't good. It was cold and windy. It started to rain and it got dark. Suddenly my friend fell off her bicycle and she broke her leg. At first I didn't know what to do but then I remembered my phone. It was in my pouch so I phoned for help. After fifteen minutes our parents arrived.

Sometimes people are not keen on mobile phones. They are a real problem because they always ring at the wrong moment. I'm not crazy about my mobile phone but I feel safe when I have it with me.
