	60 - Bussiness and Accounting Studies - II							
Jamo/Ir	ndex No:							

Notes:-

- As instructed, answer five questions only. Any extra questions answered, if not struck off by the candidate himself, will be crossed out by the examiner without being marked.
- Including question no. 01, answer five questions selecting two questions from each of the parts I and II.
- Write your answers in neat handwriting.
- 01. Using the following case, answer the question no. (i) to (x)

Mr. Lalith Gunaruwan, who followed a training course in food technology, started a business of preparing and selling food in a crowded street in Kurunegala city called "Lalie street food" on 01/01/2023. His business became a successful business because many government offices were located on that street and the canteens of those offices were able to prepare and distribute food. For that, he recruited a female cook who has special skills in food preperation. An old lorry was bought and decorated beautifully and food was prepared in it. Hand bills were printed and distributed to government offices and schools.

Mr. Lalith Gunaruwan always finds out that the food is prepared with the highest quality. It was decided to take orders online and distribute food items in the next month.

Cash book

The cash book of the month of January 2023 is as follows.

	Cash book
