	G.C.E. (O/L) Practice Test - 2019	61 E II
Gra	de : 10 Geography - II	Time : 2 Hours
Instru	 This paper consists of two parts, Part I and Part II. Question No. 1 is compulsory. Answer the sections of A, B and C Answer four questions only in part II. Answer five questions altogether. 	C of it.
	<u>Part I</u>	
01) A. A	Answer the following questions based on the manually drawn map Provide is 1:50,000 and contour interval is 20 meters.	d. Scale of the map
i.	What is the topographical feature shown by A-B line? (Convex slope / concave	e slope / Escarpment) (01 mark)
ii	What can be the altitude of the trigonometric station that is located in North-ea $(231m/216m/240m$)	nst portion of the map (01 mark)
iii.	What is the cultural feature that can be identified near the rail track which is no	umbered as 1? (01 m.)
iv.	What is the commercial crop that distributes in the mountain slope in south we	est portion of the map (01mark)
v.	What is the administrative boundary that can be seen in the area?	(01 mark)
vi.	What is the physical features that determines set the administrative boundary ?	(01 mark)
vii.	Write the longitudinal value of the point that is marked as Y.	(01 mark)
viii	Write the metric coordination of the point X.	(01 mark)
ix.	Length and breadth of the above given map are 12cm x 10cm respectively. Cal map and give your answer in kilo meters.	culate the area of the (01 mark)
х.	Write the relevant fractional scale of the above map.	(01 mark)
B.	Answer the following questions based on the given map of world.	(05 marks)
i.	A, B and C in the map denote three deserts in the world. Which letter denotes	Sahara desert?
ii.	Countries shows D, E and F are vulnerable for many natural disasters frequent Bangladesh is called as The cursed country. Which letter shows Bangladesh?	ly. Among them
iii.	Three important straits are depicted by letters G, H and I. Which letter shows S	Strait of Gibraltar?
iv.	K, L and M shows three industrial cities in the world. Which letter shows Chic environmental and social issues due to the industrialization.	ago that faces sever
V.	Rivers depicts by letter P, Q and R. Which letter depicts River Thames which a thawing / melting of glaciers.	origins due to the

 Letters D, E and F denote forests in Sri Lanka. Sinharaja forest which is the only world denoted by which letter? Letters G, H and J depict Mahaweli reservoirs. Which letter depicts Moragahakanda Reservation of Mater airports of Sri Lanka. Which letter depict Matale International A Among letters P, Q and R, which letter shows Pilmathalawa where famous for brassware Part II Write two nature of the distribution of Water in hydrosphere. Name three steps that can be taken to solve water issue that will arise in future in Sri LatA) Write the limit of the hydrosphere in biosphere. B) Name two human activities cause the imbalance of biosphere and explain the impact. Name two climatologists who put forward climatic classifications. A) Name two special characteristics of the climatic zone that you mentioned in the previous answer. Explain how climate impact on the distribution of water and agricultural activities by give any climate in two tea cultivated countries in Asia. 	servoir. ri Port? e industry? (02 marks) nka. (03m.) s of it.(05m.) (02 marks) ious (03 marks)
 K,L and M depict three airports of Sri Lanka. Which letter depict Matale International A Among letters P, Q and R, which letter shows Pilmathalawa where famous for brassware <u>Part II</u> Write two nature of the distribution of Water in hydrosphere. Name three steps that can be taken to solve water issue that will arise in future in Sri LatA) Write the limit of the hydrosphere in biosphere. B) Name two human activities cause the imbalance of biosphere and explain the impactation. A) Name two climatologists who put forward climatic classifications. A) Name the climatic zone which Sri Lanka belongs to. B) Name two special characteristics of the climatic zone that you mentioned in the previous answer. Explain how climate impact on the distribution of water and agricultural activities by given previous answer. 	ri Port? e industry? (02 marks) nka. (03m.) s of it.(05m.) (02 marks) ious (03 marks) iving two
 Among letters P, Q and R, which letter shows Pilmathalawa where famous for brassward <u>Part II</u> Write two nature of the distribution of Water in hydrosphere. Name three steps that can be taken to solve water issue that will arise in future in Sri Lat A) Write the limit of the hydrosphere in biosphere. B) Name two human activities cause the imbalance of biosphere and explain the impact Name two climatologists who put forward climatic classifications. A) Name the climatic zone which Sri Lanka belongs to. B) Name two special characteristics of the climatic zone that you mentioned in the previous answer. Explain how climate impact on the distribution of water and agricultural activities by give an analysis. 	e industry? (02 marks) nka. (03m.) s of it.(05m.) (02 marks) ious (03 marks) iving two
Part II Write two nature of the distribution of Water in hydrosphere. Name three steps that can be taken to solve water issue that will arise in future in Sri Lat A) Write the limit of the hydrosphere in biosphere. B) Name two human activities cause the imbalance of biosphere and explain the impact Name two climatologists who put forward climatic classifications. A) Name the climatic zone which Sri Lanka belongs to. B) Name two special characteristics of the climatic zone that you mentioned in the previous answer. Explain how climate impact on the distribution of water and agricultural activities by given and the structure impact.	(02 marks) nka. (03m.) s of it.(05m.) (02 marks) ious (03 marks) iving two
 Write two nature of the distribution of Water in hydrosphere. Name three steps that can be taken to solve water issue that will arise in future in Sri Lat A) Write the limit of the hydrosphere in biosphere. B) Name two human activities cause the imbalance of biosphere and explain the impacts Name two climatologists who put forward climatic classifications. A) Name the climatic zone which Sri Lanka belongs to. B) Name two special characteristics of the climatic zone that you mentioned in the previous answer. Explain how climate impact on the distribution of water and agricultural activities by give examples. 	nka. (03m.) s of it.(05m.) (02 marks) ious (03 marks) iving two
 Name three steps that can be taken to solve water issue that will arise in future in Sri Lat A) Write the limit of the hydrosphere in biosphere. B) Name two human activities cause the imbalance of biosphere and explain the impacts Name two climatologists who put forward climatic classifications. A) Name the climatic zone which Sri Lanka belongs to. B) Name two special characteristics of the climatic zone that you mentioned in the previous answer. Explain how climate impact on the distribution of water and agricultural activities by give examples. 	nka. (03m.) s of it.(05m.) (02 marks) ious (03 marks) iving two
 Name two climatologists who put forward climatic classifications. A) Name the climatic zone which Sri Lanka belongs to. B) Name two special characteristics of the climatic zone that you mentioned in the previous answer. Explain how climate impact on the distribution of water and agricultural activities by give examples. 	(02 marks) ious (03 marks) iving two
 A) Name the climatic zone which Sri Lanka belongs to. B) Name two special characteristics of the climatic zone that you mentioned in the previous answer. Explain how climate impact on the distribution of water and agricultural activities by give examples. 	ious (03 marks) iving two
answer. Explain how climate impact on the distribution of water and agricultural activities by give examples.	(03 marks) iving two
Name two tea cultivated countries in Asia	
Write three trends that can be seen in tea plantation in the world. Name two challenges face in production and trading of tea in Sri Lanka and explain two solutions for the challenges.	(02 marks) (03 marks) o success (05 marks)
Name two Rice Research Institutes that introduced BW and AT rice varieties respectivel Name three sectors that has economic importance of paddy in Sri Lanka. Name three trends in agricultural production in Sri Lanka and give a brief comment on o	(03 marks)
What is an assemble industry?	(03 marks) (02 marks)
Name three Asian countries (except Japan) that achieved rapid development in automob	(03 marks)
Name three trends in automobile industry and explain one of them.	(05 marks) (05 marks)
 Write two special characteristics of cottage industry of Sri Lanka. Name three types of cottage industries in the island. A) Write two steps that are taken by the government to develop cottage industries in Sri B) Explain two issues in cottage industry in the island. 	(02 marks) (03 marks) i Lanka. (05 marks)
Tame two tourism zones in Sri Lanka. State three economic advantages of the tourism industry of Sri Lanka. A) Write two economic issues in tourism industry.	(02 marks) (03 marks) (05 marks)
	Name two Rice Research Institutes that introduced BW and AT rice varieties respectivel Name three sectors that has economic importance of paddy in Sri Lanka. Name three trends in agricultural production in Sri Lanka and give a brief comment on of What is an assemble industry? Name three Asian countries (except Japan) that achieved rapid development in automob Name three trends in automobile industry and explain one of them. Vrite two special characteristics of cottage industry of Sri Lanka. Name three types of cottage industries in the island. A) Write two steps that are taken by the government to develop cottage industries in Sri B) Explain two issues in cottage industry in the island.
